General Specifications

I. The RFB Documents

A. Bid Response Form

Bidders must complete the Bid Response Form.

B. Bid Sheet

Bidders must complete the Bid Sheet. Bidders are strongly encouraged to read the General and Detailed Specifications prior to completing the Bid Sheet and submitting a bid. An Excel version of the Bid Sheet is available by downloading it from the Contract Reporter website at www.nyscr.ny.gov, or by requesting it from Mark D. Kaplowitz at (518) 453-5990. If you are using the Excel spreadsheet provided by the Board, you need only enter the values requested in the white cells; the grey cells will be calculated for you. If you do not use the Excel spreadsheet, you must do the calculations yourself.

B-1. Wiring for Laptops

All bidders must include a value for providing wiring to power laptops at every candidate's seat. This includes labor. Please note that although bidders must indicate the cost of wiring all laptops, the Board will pay only for those laptops which need to be wired. This is because the Board does not know how many candidates will be using laptops until two weeks prior to the bar examination. A bid that is for the venue space only will be rejected for being incomplete. If the labor for wiring is going to be handled by a third-party, the bidder must coordinate with that third-party and incorporate that third-party's costs into the bidder's bid. Any questions must be submitted to mkaplowitz@nybarexam.org no later than October 13, 2017.

B-2. Curtaining of Large Windows

This RFB is for the bar examination. The examination room(s) must therefore be free of any undue distractions for the candidates. If any space bid upon has large windows or translucent walls that permit a view of or for the outside public, the bid must also include a plan and associated costs for providing curtaining of the windows. Any questions must be submitted to mkaplowitz@nybarexam.org no later than October 13, 2017.

C. Floor Plans

Bidders must provide floor plans of their meeting room space which include the actual size and dimensions of the rooms and identify the rooms being offered for the bar examination. If other events are taking place in the facility and the events are in adjacent areas and/or will cause noise or other administrative difficulties for the bar exam, the rooms being used and the purpose of the use must be indicated on the floor plans. Floor plans must include seating charts which show how each room will be configured on the days of the exam including precise table and chair layout for each candidate, each proctor, and the headquarters area. The Personal Belongings Room, where candidates will leave coats, backpacks, etc. during the exam, must also be identified.

D. Attachments

1. *Attachment I – Non-Collusive Bidding Certificate, Acknowledgement, Appendix A*

All bidders must read and complete the Non-Collusive Bidding Certificate and either Acknowledgement of Individual or the Acknowledgement of Corporation. The awarded contractor must agree to be bound to, among other things, the terms of Appendix A – Standard Clauses for New York State Contracts.

2. *Attachment III – Vendor Responsibility Questionnaire*

The NYS Board of Law Examiners (SBLE) is required to conduct a review of a prospective contractor to provide reasonable assurances that the vendor is responsible. Vendor responsibility is determined by a review of each prospective contractor's legal authority to do business in New York State, business integrity, financial and organizational resources, and performance history (including references).

If your bid totals more than \$50,000.00, you must complete and submit a paper Questionnaire, which can be found at: www.osc.state.ny.us/vendrep for both for-profit and non-for-profit business entities. If your bid totals less than \$50,000.00, you need not submit a paper questionnaire unless one is requested from you. Detailed Specifications

I. Purpose and Scope

The Board intends to contract with a vendor for the provision of meeting room space in New York City for the New York State bar examination.

The dates of the examination are as follows:

Move-in: Monday, July 23, 2018

Testing: Tuesday, July 24, 2018 and Wednesday, July 25, 2018

The Board and its representatives will arrive at the location on Monday to set up/inspect the meeting space. The Board must have exclusive access to the meeting space from 6:00AM on Monday through 6:00PM on Wednesday, without interruption.

The Board estimates that it may need up to 3,500 seats in New York City. While the Board would prefer that testing be held in as few locations as possible, the Board recognizes that not all bidders may be able to meet the maximum capacity. The Board will therefore consider bids that can supply at least 200 seats. **Multiple awards may be made to meet the total needed seating capacity.**

The selected bidder(s) must be able to meet all of the following requirements:

- (1) Testing in one large facility is preferred. Rooms must hold at least 100 candidates. The facility must be located within close proximity to public transportation.
- (2) Seating must be provided for at least 200 candidates. Preference will be given to bidders that can supply significantly more than the minimum.

- (3) Candidates must be seated at 6 foot tables with two candidates per table.
- (4) Tables must be smooth top (no wood) and at least 18 inches in width. **If the bidder is unable to supply the required tables, please state so on the bid sheet in the “Notes” section.**
- (5) Room must be available for a proctor chair and table for every 24 candidates
- (6) Room must be available for a headquarters area for storage of examination materials, etc. during the examination.
- (7) Room must be available for a Personal Belongings Room where candidates will leave coats, backpacks, etc. during the examination.
- (8) The facility must be a quiet testing space equipped with adequate lighting, HVAC, and restrooms.
- (9) Audio systems (microphones, speakers, etc.) must be available for each room so that oral instructions can be heard by all candidates.
- (10) **The facility must be able to provide electrical wiring (i.e. power strips, outlets) to EVERY candidate seat.**

The facility must: (1) be handicapped accessible; (2) have adequate lighting for testing; (3) have adequate HVAC; (4) have adequate restrooms; (5) have a sound system; and (6) have a loading dock or area for receiving the Board’s examination materials. The loading dock/area must be available by 6:00AM each morning and up until 6:00PM each night.

II. Term of Award

The awarded contract(s) shall begin on July 23, 2018 and run through the end of July 25, 2018. The contract(s) shall be subject to the approval of the NYS Attorney General and the NYS Comptroller.

III. Pricing

All pricing submitted pursuant to this Request for Bid shall be net and include all costs for the performance of the services described herein. Pricing shall be submitted only on the Bid Sheet, and in the format prescribed. Bidders must either enter the total price for each item, or “\$0” for any item for which a bidder does not intend to assess any costs. Bidders must be capable of providing all the requested items either directly or through a subcontract. The submission of an inaccurate or incomplete Bid Sheet may result in rejection of the bid. Bidders are cautioned to be thorough and accurate in all calculations. All discrepancies shall be interpreted in favor of the Board. The Board reserves the right to negotiate pricing it deems unreasonable.

IV. Method of Award

Awards shall be made to the lowest responsible bidder who demonstrates the ability to meet the Board's general and detailed specifications. A bidder shall be defined as "responsible" in accordance with, but not limited to, references, past performance history, financial stability, the criteria set forth in Attachment III-Vendor Responsibility Questionnaire, and the criteria set forth in the paragraph headed "Rejected and Unacceptable Bids/Proposals" as well as any other criteria necessary and reasonable to establish the bidder's responsibility. A bidder shall be defined as "lowest" based on its Total Cost Per Candidate (line 10 on the Bid Sheet).

V. Contractor Personnel (Contact)

The awarded contractor shall designate a staff member to act as the key contact for the Board for the term of the contract and shall provide the Board with this designated person's name, phone and fax numbers, an email address, and a cell phone number for contact on the days of the examination.

VI. Contractor Invoicing

Within 30 days of provision of the required services for each examination, the awarded contractor shall prepare an invoice which accurately reflects all services provided. Invoicing/billing shall be in a format agreed upon between the Board and the contractor, but in no instance shall it be contrary to any federal, state and/or local government regulations. Payments to the awarded contractor will be processed in a timely manner upon receipt of invoice.

VII. Bid Sheet

A. Generally

All bidders must complete the Bid Sheet which must include all costs associated with use of the facility for each examination.

B. Adjustments

The Board reserves the right to reject a bidder's estimate of the number of candidates that can be seated in each facility/room and substitute its own number based on the requirements in these specifications. It is imperative that an accurate assessment be made of the total number of candidates that can be seated in a facility/meeting room. If the Board determines that the bidder has over or under estimated the number of candidates that can be seated, the Board may substitute its own number, thereby affecting the facility's Average Cost Per Candidate which is the primary factor in determining the lowest responsible bidder(s), or reject the bid outright.

C. Awards

Awards will be made in the following manner:

1. The Board shall select the lowest responsible bidder after taking into account adjustments made, if any, to the number of candidates that can be seated in each room.

2. The Board shall provide notice of award to the lowest responsible bidder for an amount UP TO the Total Contract Value. The actual number of candidates seated for the examination and the actual number of seats that need to be wired for laptop use will be determined by the Board within two (2) weeks of the examination and the total amount due each examination will be based on the Board’s actual usage.
