What is the GLSEN Training of Trainers (ToT) Program?

The GLSEN Training of Trainers (ToT) Program is a training workshop offered to educators and community-based organizers interested in gaining additional tools and resources to assist them in effectively developing trainings or education initiatives in their schools or local communities to make schools safer and more affirming places for lesbian, gay, bisexual and transgender students.

Many exercises and activities included as a part of the Training of Trainers Program come from the GLSEN Lunchbox, a comprehensive and modular 45-exercise training resource kit that contains all the instructions and materials necessary to conduct complete anti-bias trainings.
