Subject: Nassau County Surrogate Court Access?? for E-File

Any update when Nassau County Surrogate Court will have access since every other County, including Suffolk County & Queens all now have access.

Thank you!

Ms. Ruggiero,

As of today 35 of the 62 surrogate Court counties permit or require eFiling.

We are adding counties quarterly as the courts request to come on board. At this time there is no immediate plan to add Nassau surrogate court however we will welcome their addition once the court is ready to proceed.
