I. BACKGROUND INFORMATION

The New York State Unified Court System (UCS) Office of Court Administration’s Division of Professional and Court Services (DPCS) is soliciting proposals (RFP) for the purpose of establishing a contract to coordinate and provide treatment services for the Lackawanna Drug Treatment Court (LDTC).

UCS operates problem-solving courts, among them drug courts, which help judges and court staff respond to the needs of participants and the community. Problem-solving courts look to the underlying issues that bring people into the court system, employ innovative approaches to address those issues, and seek to simplify the court process for participants. A drug court involves an intervention by the court in cooperation with a team of specialists in social services, treatment, and criminal justice professionals in the local community. In return for a promise of a reduced sentence, appropriate non-violent addicted offenders are given the option of entering voluntarily into court-supervised treatment. The rules and conditions of participation are clearly stated in a contract entered into by the defendant, the defense attorney, the district attorney, and the court.

II. PROJECT INFORMATION

UCS is the recipient of an award by the U.S. Department of Justice, Office of Justice Programs, Bureau of Justice Assistance (BJA) for the purpose of enhancing drug court reach and capacity in a small city (Lackawanna, New York, population 17,992) that serves 19 rural jurisdictions that have no Drug Court Programs in their courts. These rural jurisdictions in Western New York have never been trained in the rational for treatment courts. The goals of the project are to:

- (1) establish a new referral model for rural jurisdictions; with
- (2) a new rapid response process to expand capacity;
- (3) determine effectiveness; and
- (4) enhance training.

The maximum available funding for this component of the Program is \$337,508 over the grant period January 1, 2019-December 31, 2022 (hereinafter “Grant Period or “Grant Term”).

Note: Throughout this RFP, the terms, *proposer*, *vendor* and *applicant* are used interchangeably, as are *RFP*, *bid* and *solicitation*.

III. AWARD

A single contract will be awarded for a term of four (4) years (“Contract Term”) effective on or around January 21, 2019. UCS shall have the option to extend the contract for a maximum of twelve (12) months upon the same terms and conditions, as of the expiration date of the contract term. Any such extension is subject to the approval of the NYS Attorney General and the NYS Comptroller.

IV. MINIMUM QUALIFICATIONS

Eligible applicants are not for profit organizations that have present facilities in, or the ability to provide Project services within, Lackawanna, New York during the Grant period.

V. PROJECT SERVICES

UCS seeks proposals for the provision of the following services (“Project Services”):

- 1) Train court staff referring to treatment court in screening for rapid transfers. With guidance from the Medication-Assisted Treatment (MAT) expert, the rapid integration team will develop screening tools for rural court jurisdictions referring to the Lackawanna drug court, conduct training in the use of screening tools during and disseminate quick reference screening tools to rural jurisdiction stakeholders.
- 2) Enhance rapid integration services to accelerate the seamless coupling of MAT services with substance abuse counseling and community-based recovery supports. The selected vendor’s team will work with the Lackawanna drug court staff to accommodate new referral volume from rural jurisdictions, facilitate the rapid integration of those cases with highest complexities or life-threatening risk factors to treatment hubs specializing in critical time interventions for initiating recovery, and will assist existing substance abuse treatment partners already working with the court to make linkages to medical management.
- 3) Plan and facilitate the implementation of the drug court rapid integration process as a national model. With guidance from the MAT expert and the development specialist, the rapid integration team will recommend modifications to standards (eligibility and suitability), practices (screening, placement, and assessment), and court operations (referrals to rapid services, staff roles, intake and referral to treatment) during the planning year. They will assist drug court staff in implementing the new the treatment court rapid integration process on a limited scale in the 1st implementation year and then ramp up with new case volume by the 2nd implementation year.
- 4) Assist the court with data collection and performance measures as required by BJA for periodic reporting.

Responsibility is determined in accordance with the criteria articulated in the paragraph contained in the Article X, General Requirements headed, “Responsible Applicant.”

Proposals will be reviewed and rated by a team comprised of qualified UCS staff.

In the event of a tie composite score, the applicant with the higher cost score will prevail.

Proposals will be scored as follows:

Technical Criteria (70%)	Maximum Points
Capacity	35
Proposed Service Delivery	35
Maximum Technical Points	70
Cost	30
Maximum Cost Points	30
MAXIMUM TOTAL POINTS	100

Organizational Capacity and Program and Staffing Plan criteria are contained the Rating Tool attached as Exhibit 3 hereto.

Cost submissions will be scored as follows:

The proposal with the lowest cost will be awarded maximum points (30); each higher cost proposal will be award points according to the following formula:

$$\frac{\text{lowest cost proposal}}{\text{higher cost proposal}} \times 30$$

For example: Assuming the lowest cost proposal is \$100 and the next higher cost proposal is \$125, the \$100 cost proposal would be awarded 30 points and the \$125 cost proposal 24 points based on the following computation:
